

A man with short brown hair and a light beard is wearing a blue polo shirt and dark pants with a belt. He is holding a black PING golf club. The background is a scenic golf course with green grass, trees, and mountains under a blue sky with light clouds. The man's shirt has a white and blue polka-dot logo on the left chest and a small 'CAL' tag on the right chest. The belt has a large 'G' buckle.

## REASONS TO SHOP

We work tirelessly to bring you the widest ranges at prices you can trust so that our stores can help you find the best products to improve your game. Our team have been trained to give you personalised advice that will really make a difference out on the course. They are all keen golfers and most of our 106 stores have a PGA Pro on hand to give you specialist advice whenever you need it. Here are a few more reasons why you should choose American Golf:

Our stores have full-size driving bays ready for you to try out all the latest golf equipment. By using our driving ranges you are able to get a feel for the club in your hands and an honest assessment of how well it performs for you from an American Golf Pro.

We pride ourselves on our ability to improve your game through the latest and most advanced instore personal fitting service around. Every player is different and their swing characteristics unique so it makes sense to use equipment personalised to you.

We love talking about golf and PGA Pros instore will be happy to help with all aspects of your game. Whether it's curing that dreaded slice or offering sound tips for better success on the greens, our PGA Pro is there to offer friendly, professional advice to golfers of all levels.

American Golf Club members receive a 30-day satisfaction guarantee. Simply return any items you are not 100% happy with and we will exchange them for you - no questions asked!

We're committed to offering you the best value available in the UK. We are so confident that we promise to match any advertised price from any authorised UK retailer. We want you to have both the best shopping experience and the best prices!

**RESERVE & COLLECT**  
Reserve items for collection at your local store.

**DELIVER TO STORE**  
Avoid waiting in at home and have your order delivered to store.

## YOUR SPRING/SUMMER CATALOGUE

As passionate golfers, one of the highlights for us of the new season is putting together our catalogue. Inside you'll find the very latest products on the market from the biggest names in golf. There's also details of our 2016 events, the launch of our new look American Golf Club and hints and tips to improve your game.

Whether you're after Rory's Nike clubs or are more of a Titleist fan, like Jordan Spieth, we have all their latest products instore and online. Pop in and see us at your nearest store and you can try any club to ensure you find the right one for you. Or, if you want the full tour custom fit experience, why not book yourself into one of our new fitting events, free of charge.

We now have more brands than ever available to purchase online and we're so confident that you'll be delighted with your purchase, that for 2016 we're introducing a 30-day satisfaction guarantee for our Club members.

With our best line up ever, there's never been a better time to join our American Golf Club.

# GET READY FOR THE NEW SEASON

American Golf PGA Pro Ricky Gray can help you get the right gear

## CHECK YOUR SWING AND EQUIPMENT

Have a qualified expert or PGA Pro evaluate your equipment and advise on what needs replacing or re-gripping and whether there are any gaps in your bag which need filling. They can advise on the best products to suit your needs. Having the right equipment custom-fitted makes the game easier but also a lot more fun.

## ISN'T IT A BIT DAUNTING WITH SO MUCH TO CHOOSE FROM?

With the huge choice on offer it can be very easy to buy the wrong equipment, which will hinder your progress as a golfer. We're

happy to help if you're feeling a bit overwhelmed by talking through your options. We'll compare any potential new equipment with your current equipment using a launch monitor, available in all stores, to check there will be a genuine benefit for your game.

## HOW DOES THE CUSTOM-FIT PROCESS WORK?

The whole custom-fitting process is very relaxed and informal. It lasts around 45 minutes, during which time a qualified expert will go through a number of steps to check the correct size/fit of equipment. They'll ask a number of questions on which style of clubs you like or dislike and what you're looking for. We then

measure for length of club, flex and type of shaft, loft and lie, size of grip and finally how many clubs are required in total.

## WILL A NEW CUSTOM-FIT SET OF CLUBS MAKE A HIGH-HANDICAP GOLFER BETTER?

This is a tricky one. I'd recommend that lessons are always the first port of call. Then fitted clubs are definitely going to be a good investment in improving your game. During free club MOT checks instore we find a lot of players who are using the wrong clubs for their game. Custom clubs are like getting a tailored suit – they will fit you perfectly and they'll add confidence as you know they are built for you.

## HOW LONG WILL A NEW SET OF CLUBS LAST FOR?

Clubs, like most things, will last a long time if they are well looked after. However, as a golfer's swing or technique changes it can often affect the equipment they need.

## WHAT ABOUT ALL THE OTHER ACCESSORIES?

Finding a ball which suits your game is very important. I'd suggest being "fitted" for your ball too. A rangefinder or GPS is also helpful for working out the correct distance for your shot. They also help establish how far you hit each club. It's not essential but certainly a great addition to your kit.

## WHAT DOES A **LAUNCH MONITOR** DO?

### WHAT INFORMATION DO GOLFERS AND FITTERS GET FROM THE GC2?

From a fitting perspective, the information that the GC2 launch monitor provides helps the fitter to tailor the equipment to the golfer to maximise its performance. When a golfer hits a shot beside a GC2 launch monitor it will give a tonne of information about that shot including club head speed, ball speed, ball spin rate, launch angle, carry distance and more. This information can help the fitter to tailor the equipment.

### HOW ACCURATE IS IT?

The GC2 is very accurate. The technology in the unit (depending on the set up) is basically a number of cameras which take multiple pictures of the golf ball during its first 12 inches of flight and records the most accurate ball flight statistics currently on the market. The technology is then able to take those pictures of the ball and calculate how it is moving in flight. It then works out how far the ball will fly, as well as spin and launch angles. It's incredible technology and the best part is that it can be used both indoors and outdoors.

### DOES IT WORK FOR ALL THE CLUBS OR IS IT JUST FOR DRIVERS?

The GC2 will work to aid the fitting of all clubs. It's as important with irons as it is with the driver. The

information and data help with the fitting of everything from a driver to lob wedge. As it's able to tell us about the carry distance on each shot, it gives us the opportunity to fit for wedges based on distance.

### HOW DOES THIS HELP YOU DECIDE WHICH ARE THE RIGHT CLUBS?

The information that the GC2 provides enables us to custom fit golfers for equipment to the highest and most detailed level possible. Amongst other things,

the GC2 helps to identify the correct flex of shaft, the correct

Having a GC2 in every American Golf is invaluable for store Pros like Ricky Gray

loft of club and even the correct model. In trying different models and combinations we can see which is travelling the furthest and which shots are most accurate to decide the best option for the player.

**HOW LONG DOES IT TAKE?**

The GC2 produces the data almost instantly. We can then make adjustments to the club or choice before hitting more shots.

**WHAT IF THE GOLFER IS SWINGING IT BADLY?**

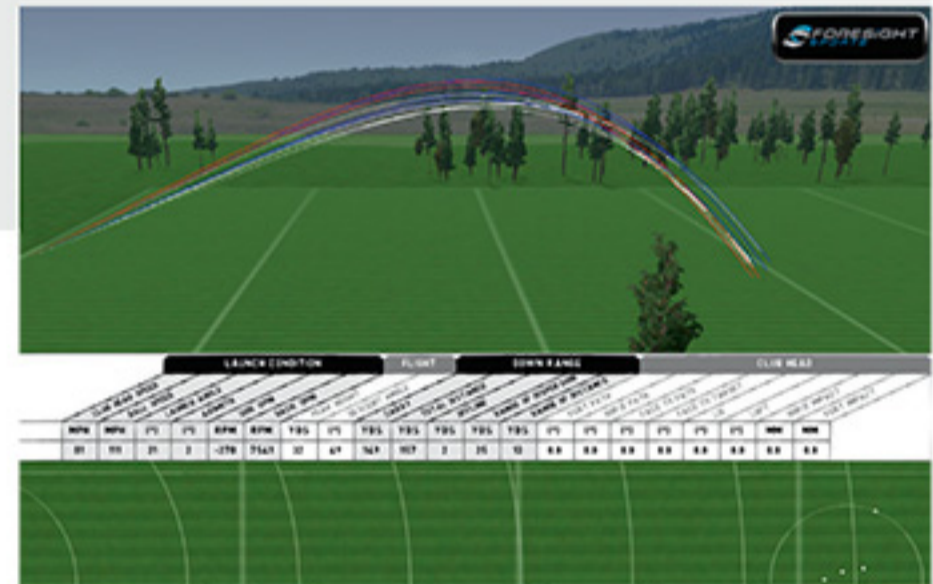

If someone is struggling we can still get an idea of what is required. We are able to compare the data for their current equipment against that of any products they have tested to see whether there would be any potential benefits from the new equipment.

Foresight GC2 launch monitors have been installed at American Golf stores across the country.

LONG DRIVE CHAMPIONSHIP

NATIONAL PAIRS FOOTGOLF

LADIES CHAMPIONSHIP

SENIORS CHAMPIONSHIP

9 HOLE CHAMPIONSHIP

JUNIOR CHAMPIONSHIP

2016 will see American Golf's event calendar expand more than ever, as we continue to grow the game of golf in its various forms. We've come a long way since 2014, when we held our first ever event. The inaugural Junior Championship took place at Mottram Hall in Cheshire and was a resounding success. Golfers aged from 7 to 17 came together for a fun, competitive tournament, which we have been delighted to roll out nationwide.

Entry to all our events is free to American Golf Club members. We understand that the way in which golf is being played is changing. Not everyone wants to play 18 holes or join a traditional Golf Club. We believe that if golf isn't accessible to everyone then the sport risks losing players and failing to attract new ones.

For us, the proof was in the pudding. In 2015, over 2,000 people took part in our 3 events. England Golf even endorsed our

9 Hole Championship. We are proud to give all golfers the chance to shine on a national and - in the case of the Long Drive Championship - an international stage. The success stories speak for themselves.

Our Ladies Long Drive Champion Rebecca McGinley had never competed in a long drive event before this and went on to finish 3rd in the World Championships in the USA. 8 year old Stanley Li continues to impress as he retained his PING Star of the Future title at the Junior Final and the Final of our 9 Hole Club Championship, held on the Brabazon Course at The Belfry, epitomised everything that is good about the game.

This year we're raising the bar even further by adding Seniors and Ladies Championships to our event series. There will be four qualifying events - in May for Seniors and June for Ladies - with the top teams heading to our fantastic

Grand Final weekend alongside the winners of the 9 Hole Championship regionals.

The Junior Final will again be hosted at PING's Gainsborough Golf Club headquarters where last year's winner, Joseph Amer, will be defending his title. But not before we challenge you all to take out your driver, throw off your inhibitions and unleash your potential at the instore Long Drive qualifying weekend. Maybe you could be the next Dan Konyk and represent us on the major stage? Caerphilly councillor Steve Kent certainly didn't expect to, but that's exactly what he did last year!

What's more, we'll be holding our first ever Footgolf Championship in June 2016! If you fancy giving this or any of our events a go, all you need to do is visit [americangolf.co.uk/events](http://americangolf.co.uk/events) and sign yourself up. It's totally free for Club members and there's a lot of fun to be had.
